

Parish Council's Response to public views on Solutions from the Public Meeting

1. **Better enforcement of PSPOs**
The Police are actioning this as part of the Littleport Prevention Plan ("LPP").
2. **Outreach services**
All relevant, appropriate, agencies agree this is a vital part of the response to the problems.
3. **Unmarked cars in area**
Part of modern Policing
4. **Special Constables to conduct enforcement of speeding**
This already takes place, Speed Watch team to suggest areas and times that give them concerns and would benefit from enforcement.
5. **Employment opportunities for those responsible**
ECDC and the Parish Council have highlighted areas in the new Local Plan to grow employment.
6. **Multi agency approach**
Is the only real option as the problem, and the people causing the problems, are complex.
7. **Recovering public spaces**
The Parish Council will take the lead on this and will support the community to do this.
8. **Street pastors teams**
All appropriate parties agree this is not appropriate solution to the current problems but will keep this under review. The Outreach Team are better placed to deal with the problems and have access to the multi-agency assessments of the individuals. They can also offer support on Drug, Alcohol and other issues. ECDC will be taking the lead on deployment of Outreach workers if it is felt to be appropriate.
9. **Public spirit to take back Littleport**
Anecdotal evidence would suggest that residents are fully behind the aspiration to reclaim the village from those who are causing issues.
10. **Community payback team**
The Parish Council will take the lead on this and will support the community to do this.
11. **Get into schools and liaise with young people**
The Police do already carry out School visits, ECDC and the Parish Council are happy to attend with the other agencies.
12. **Raise awareness of how to effectively report crime through 101, 999, Parish council etc.**
The Parish Council have links to both Crime-Stoppers and 101 reporting pages on the website and various Facebook pages and the Clerks are happy to assist any resident with reporting issues.
13. **Take photos of those who are causing ASB**
The Police advise against this but if it is safe to do so it can be useful intelligence.
14. **Focus on 1 issue rather than all**
The Police are actioning this as part of the LPP.
15. **Progress updates for residents**
The Police are actioning this as part of the LPP.
16. **More visible PCSO presence**
There is a higher PCSO presence in the village immediately following the public meeting and the Police will adapt patrol patterns to, hopefully, maintain this going forward.
17. **Fines for those responsible for ASB**
Some fixed penalty notices have already been issued and will continue to form part of the Police response to the issues we are experiencing.
18. **Bring in other services to support those taking drugs/alcohol**
This will be reviewed by the Problem Solving Team.
19. **More Neighbourhood Watch Coordinators (NHW)**
The Parish Council support this and have some funds to support new schemes (ie for the purchase of signage).
20. **Remove bench to avoid gathering**
We believe this is not an appropriate response as numerous residents require benches to sit and rest. The inappropriate congregation of problem causing individuals at benches will be addressed by the Police when on patrol in the village.

21. Target specific criminals

Police already do this.

22. Add more benches

This can be considered as part of the Master Plan now under review by ECDC.

23. Residents to create a list of offenders

The Parish Council support this and are happy to pass this information to the Police, if required.

24. Police station in Littleport

Due to funding issues this is unlikely to happen but we do have a Police office in the Barn.

25. More police patrols

Police have already actioned as part of the LPP.

26. Council tax increase to receive more officers

The Parish Council will look into this during the budgeting process but to put this into practice the Parish Council element of the Council Tax bill would probably have to increase by around 35% per household.

27. More involvement and education with and for young people

The Parish Council have just started a consultation about the Open Green Space on the Paddocks and this includes some provision for teenagers/young adults.

28. Police surgery

Police to action as part of the LPP.
